2008	May 16	Academic Affairs Committee Approval
2022	Sept 9	Revision
2022	March 10	Revision

The following is the procedure of the School of Design and the Graduate School of Design regarding support for students with disabilities, etc. in taking examinations and after enrollment.

1. Special considerations for taking examination

1) Assessment of special considerations

When an application for special consideration is received for the entrance examination for an undergraduate year 3 transfer student or a graduate student of the Graduate School of Design, the Dean prepares a draft of considerations for the entrance examination based on the response from the Support Section for Inclusion, Center for Science and Counseling and submits the draft to the Entrance Examination Committee.

2) Confirmation of considerations

The Dean will give consideration for the entrance examination based on the considerations decided by the Entrance Examination Committee.

2. Special considerations after enrollment

1) Flow of support

Academic support in the School of Design and the Graduate School of Design shall be implemented in accordance with the attached "Flow of Academic Support for Students with Disabilities after enrollment " (approved by the Committee for the Promotion of Support for Persons with Disabilities) and the appendix "Flow of Academic Support for Students with Disabilities after enrollment "

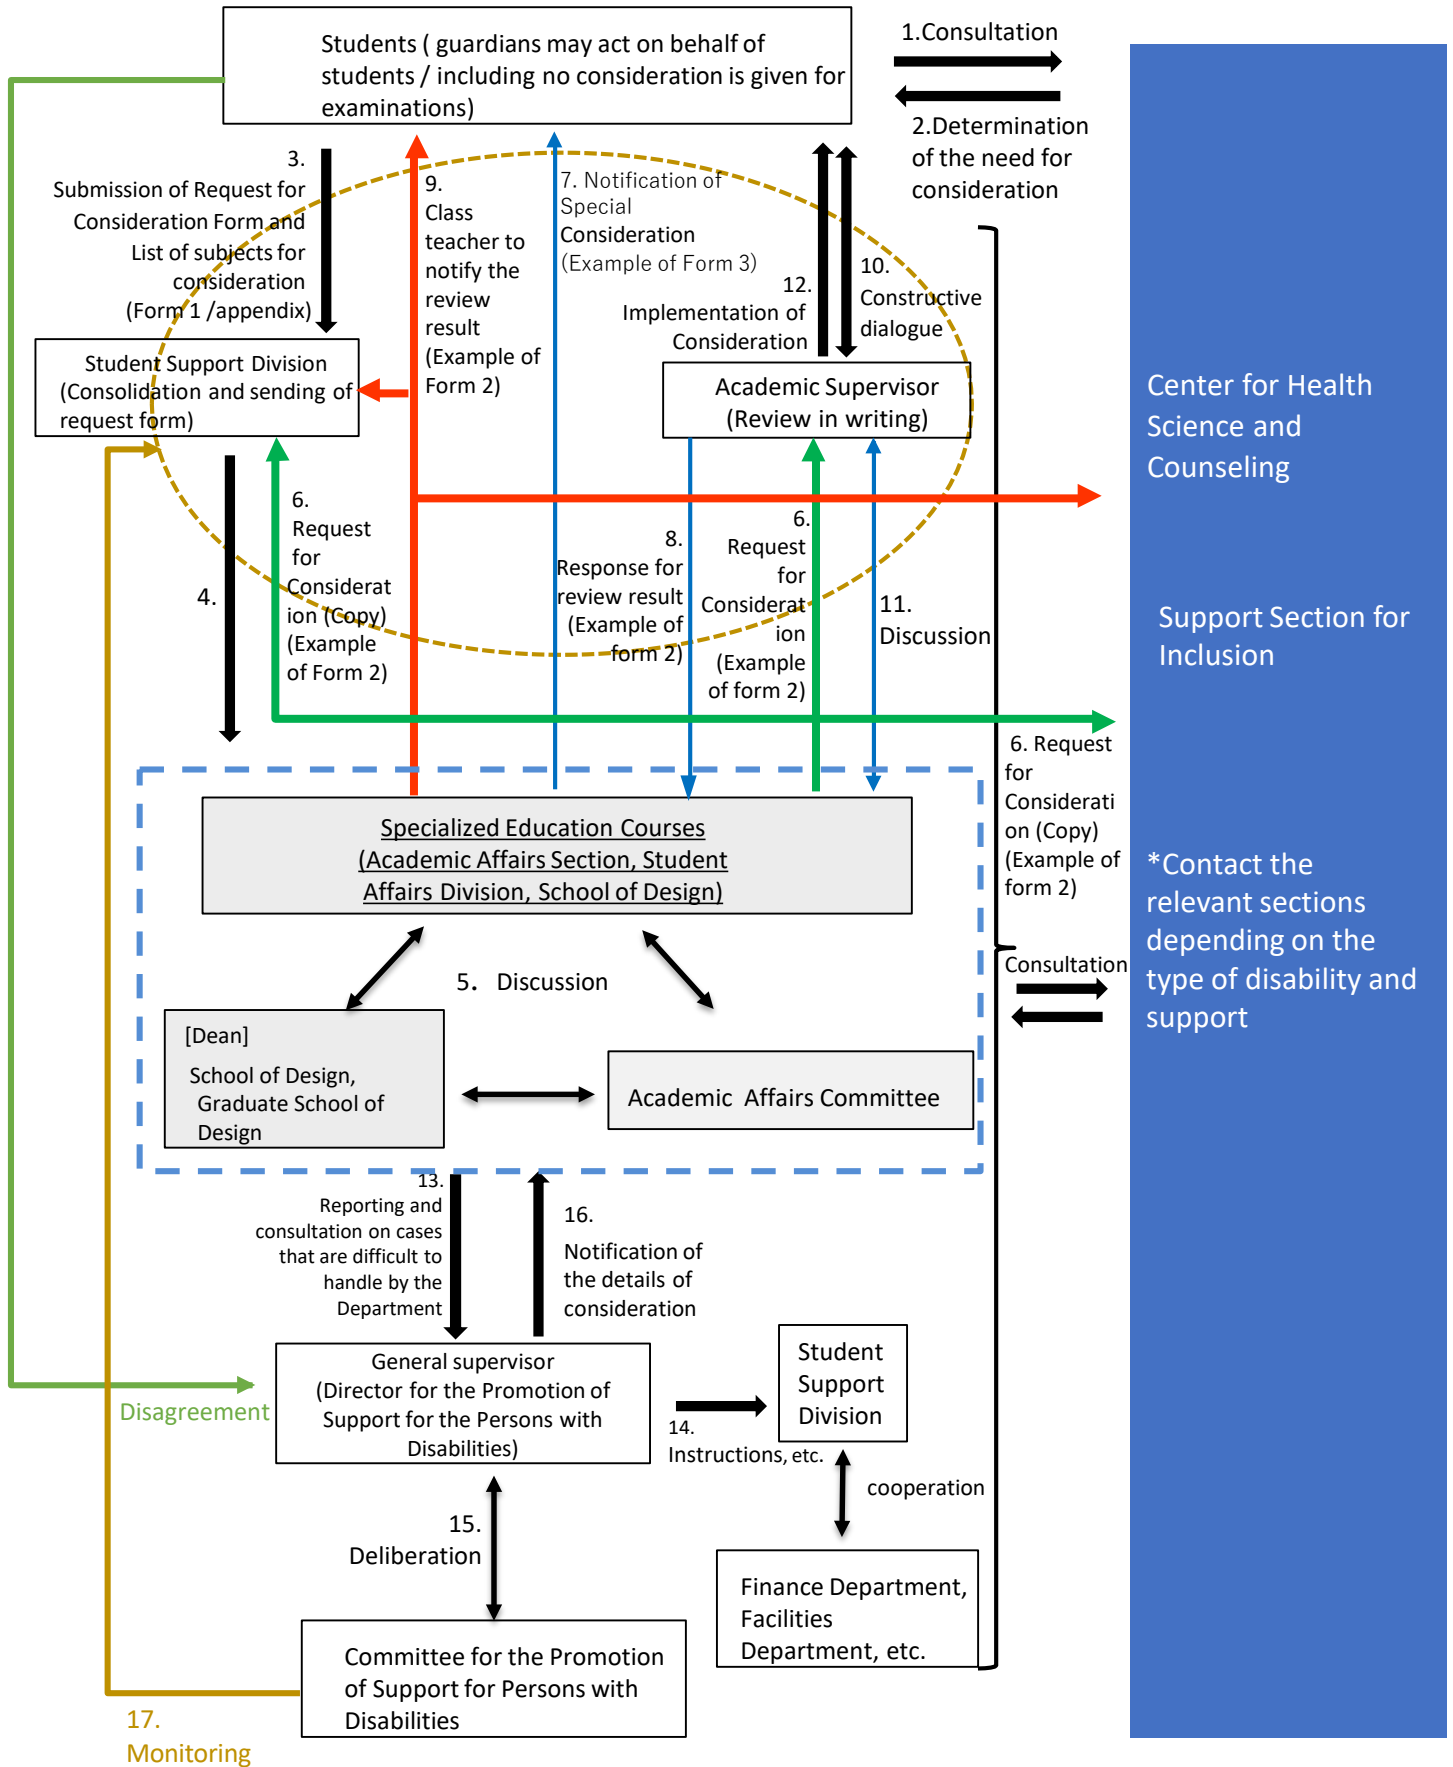

2) Discussion of considerations, etc.

Discussions concerning academic support and considerations after enrollment shall be conducted by the Academic Affairs Committee.

3. Other

Other necessary matters concerning academic support for entrance examinations and after enrollment shall be determined by the Dean following discussion at the Academic Affairs Committee.
